Capabilities Statement

Docks of the Bay, located in White Stone, VA, is a full-service, Class A marine contractor capable of all marine construction needs and land waste management. Docks of the Bay works on small and large projects alike, including, commercial marinas, city- owned public boat landings, or anywhere a dock meets water.

Docks of the Bay, located in White Stone, VA, is a full-service, Class A marine contractor capable of all marine construction needs and land waste management. Docks of the Bay can work on large projects, including, commercial marinas, city-owned public boat landings, or anywhere a dock meets water.

As a CMI ShoreGuard™ preferred contractor, we offer eco-friendly, durable wood alternatives. We also drive pilings faster, straighter, and deeper, using a fleet of specially-equipped barges. We also have the most massive head shaker excavator in the Middle Bay. We provide estimates and handle all of the approvals.
